

Beach Rentals of South Walton, Inc.

SOMETIMES YOU JUST NEED TO GET AWAY...

Nestled along the sugar white sands of Northwest Florida's panhandle and the Scenic Highway 30-A corridor are 15 distinctive communities that make up the Beaches of South Walton.

This collection of unique communities offers diverse architectural styles and surroundings providing visitors a feeling of having traveled the world without ever leaving the area's 26 miles of coastline.

Along with the private, resort communities of Rosemary Beach, Seaside, WaterColor, WaterSound and Alys Beach, you will find quiet neighborhoods of single, family homes, as well as small condominium complexes to offer exactly the ambience and amenities you are seeking. Each beach community strikes a unique balance between on-going development and careful preservation of the environment. Strict building codes in the area ban buildings over four stories high and limit the density of developments, so drivers can meander down Scenic Highway 30-A and experience a generous view of the Beaches of South Walton's pristine coastline. Many guests take advantage of the miles of paved biking/jogging paths along Scenic Highway 30-A to experience the area in a more intimate way. Dotting the coastline are numerous award-winning restaurants and one-of-a-kind gift shops, so regardless of where you choose to stay, you

will find shopping, dining and activities nearby.
