CRUISES...

The water that surrounds Florida beckons visitors and residents. From snorkeling and SCUBA opportunities to game fishing, or just a fun day at the beach, it's hard to stay away from its mesmerizing spell.

During your next vacation getaway experience spend some time on the water by taking advantage of the state's fabulous (and customized) cruises!

Floating Wedding Chapel...

Celebrate your love on America's first floating wedding chapel. Located at The Pier in downtown St. Petersburg, the beautiful Floating Chapel combines the traditional appeal of a church setting with the natural beauty of Florida to create a completely unique wedding experience. It's the perfect blend for someone looking for a beach wedding, who doesn't want to miss the environment of a chapel.

The stained glass windows, cathedral ceilings, and pew seating complete the chapel's elegant look, while the outdoor decks allows for a scenic view.

The Floating Chapel accommodates 100 guests in pews, as well as the capacity for up to 125 people to be on the boat, providing not only a large seating capacity, but also plenty of room for large bridal parties or guest speakers. There is also a private bridal sanctuary on board, with its own

bathroom and seating area, for the bride to finish her preparations before the wedding.
