

plan an Enchanting

COURTESY OF WALT DISNEY WORLD

Celebration!

With so much to celebrate in your life - what better locale to hold your next event than Florida! With swaying palms, dancing dolphins and peach-colored sunsets as your backdrop and temperate weather that co-operates with your plans year-round...is there anywhere better?

[Zephyrhills] [Skydive City](#)

Couples truly wanting to plan a once-in-a-lifetime event can take their passion for adventure and experience a sky high commitment! At Skydive City, guests don't have to be professional skydivers to enjoy this unique experience. Wearing a harness connected directly to the Tandem parachute system, you will jump with an experienced teacher and accelerate to 120 mph, freefalling for about 60 seconds.

At about 5000 feet, your instructor will open the parachute, and then you can assist with steering the parachute during the 4-6 minute ride down. During that time you will get to practice the landing, have yourself a great roller coaster ride (if you like that), and then land on the dropzone with your video person waiting to film it all.

[Key West] [The Ernest Hemingway Home & Museum](#)

Plan your next event at one of Florida's most famous residences - the former home of legendary author Ernest "Papa"

Hemingway. Couples can host events, reminiscent of Ernest and Pauline's soirees entertaining the likes of fellow artists, novelists, poets, and socialites such as Waldo Pierce, Archibald McLeish, and F. Scott Fitzgerald, by the onsite pool area, overlooking the koi pond or within the tropical grounds and lush foliage. Packages are available including a "Papa" lookalike to perform wedding ceremonies.
