One of Naples' premier golf resorts is getting GREENER!

As the only hotel/condominium on a golf course in the area, GreenLinks, situated within the Lely Resort Golf and Country Club, proudly features courses designed by some of the best in the game. From the Robert Trent Jones Sr. designed Flamingo course to the Mustang Golf Club Course designed by PGA Senior Tour star Lee Trevino/Wm. Graves, each course provides its own challenging, yet fair, obstacles.

When the game is over, players and their families can rest easy at the spacious GreenLinks Golf Resort featuring 200 one-, two-, and three-bedroom condominium suites. Every vacation suite includes a fully appointed kitchen with microwave, living room, dining area, two cable televisions, washer/dryer, iron and ironing board, private baths including hairdryer, and a private screened balcony.

In addition to challenging golf, visitors to the resort can enjoy additional amenities that include tennis, heated pool with outdoor Jacuzzi spa, state-of-the-art Conference and Meeting facility, fitness room, barbecue grills, business center, and nearby shopping, dining and entertainment. Ownership opportunities are available. *

We've found the delicate balance between harmony, design, and home. We then take advantage of that balance to provide you with the greatest vacation of your life.
